

Keyless Entry Vehicle Thefts - Hambleton

We are seeing a number of keyless entry, vehicle thefts in the Hambleton area. It takes less than 5 minutes for thieves to steal a car this way. Protect your keyless entry vehicle by putting the keys in a signal blocking pouch or bag, such as a Faraday pouch and check this is working every few months. Further advice can be found on the included link.

Please also note the useful links on this page as further info can be found on a range of security measures including steering locks & clamps etc
