Local News:

Northallerton Neighbourhood Policing Team have been focusing this past week on foot patrols, particularly in Osmotherly.

Due to the hot weather, Osmotherly can get particularly busy so would like to remind everyone to take care around the reservoir and show consideration when parking in the village.

The team have also been focusing on parking issues in Northallerton. We see many vehicles blocking pavements which can cause issues for people who require the use of wheel chairs and pushchairs etc. If we see a vehicle parking inconsiderately or causing a danger we will be leaving a park smart notice on your vehicle offering some advice.

Lets all remember to [#parksmart](#).

Fraudsters love to trick people with fake websites 

Get Safe Online has partnered with Cifas, the UK's leading fraud prevention service, to launch 'Check-a-Website'. An innovative new feature, hosted on Get Safe Online website that invites users to check if a website is safe to use before accessing. It is expected to prevent thousands of people in the UK falling victim to unwanted online scams every year.

Check a website is an easy-to-use online tool which helps determine whether a website is likely to be legitimate or a scam ... before you visit it. Users simply type in the address of the website they want to check, and their results will appear within seconds.

Hosted on Get Safe Online's UK website.
